

POSSIBLE ELECTIVE AREAS OF STUDY

Students can tailor their degree to their specific areas of interest by choosing a minimum of three elective courses from one of the following areas of study: workplace, healthcare, theory of conflict, conflict area studies, urban studies, and international conflict and cooperation.

The following list of courses is not an exhaustive list of electives. It is a guideline that helps direct students to consider electives offered across a number of disciplines throughout the university. Electives are selected with the cooperation, and approval of the Academic Director.

WORKPLACE

This area includes industrial relations, environmental and occupational health.

IR 7700	Current and Future Trends in Collective Bargaining
